Act II, Scene II: (Casino/Hotel hallway,
Room 158 door)

(Daggett, Sassy and Squeaks are
standing in front of the door that leads to
their room)

Daggett: Home sweet home! Well, if you
consider this place a home..

Sassy: And not a moment too soon either!
she rolls her eyes Now I can get some
much needed privacy..

Squeaks: Also a much needed break for
us..

*Sassy glares at Squeaks, about ready to
punch him again*

*Daggett gives the door a big ol push, it
slams against the wall inside the room
loudly*

Daggett: Look! *he bounces over to the
twin beds* Beds!

Sassy: *walking in after Daggett* Look!

she mocks sarcastically One room.. so much for the world's smartest frog..
Squeaks: Just remember.. *he walks by Sassy and winks* At least the Clerk had the courtesy to let you stay with us!

Sassy growls aloud and is refraining herself from hitting Squeaks

Daggett: *remaining upbeat, he jumps up on the bed closest to the window* Even god makes mistakes!

Sassy: *grumbling* I see he made two of them already..

Squeaks observes a radio sitting on the nightstand next to the bed Daggett is on and points at it

Squeaks: Maybe we can find some good tunes.. you know the saying, music driv-err-soothes the savage beast!

Daggett: A-HA! *playing with the knobs on the newly discovered radio on the stand* Let's see what's out there, shall we?

Sassy climbs up onto the other bed and lays down

*Daggett continues to mess around with

the tuning knob until Enrique Iglesias's Hero starts playing*

Daggett: *singing off key* I can be your hero baby! I can kiss away the pain!

Squeaks covers his ears, cringing

Daggett jumps onto the bed Sassy is on and stands next to her

Daggett: I will stand by you forever! You can take my breath away!

Still irritated, Sassy backhands Daggett without looking at him, sending him flying across the room and crashing into the wall just below the window

Daggett shakes out the cobwebs and is dazed when he begins to hear a loud howling sound outside the window. The window can be heard rumbling as well as the radio signal cutting out bizarrely

Daggett: *still disoriented* What a kisser! I don't remember this part of the song.. since when did it have wind in it?

*Sassy looks towards the window and sees it is getting very dark outside,

almost pitch black. She leaps off the bed and rushes towards the window to see what's going on*

Sassy: *begins to sound frightened* I think we've got a problem, guys.. look.

Daggett gets back to his feet and Squeaks runs over to the window as well. They look outside and see it is completely dark outside and the only light is a red swirling patch of clouds forming where the sun usually is

Daggett: It was sunny a minute ago. Who knew the weathermen out here were so off?

Squeaks: Just slightly off..

Two very large objects are seen coming down from the red storm clouds. They appear to be on the verge of crashing behind the building just across the street from them.

Sassy: What the heck are those?

Daggett: Uranus's love children?

*Squeaks was about to snicker and make a comment but they are interrupted by a loud and hard crash, the impact of it

about knocking the three of them off
their feet*

Sassy: Quit joking around, frog!
Seriously.. what kind of storm just sends
stuff flying out like that? Especially
something of that size?

Daggett: I don't know.. *he takes out his
brown Indiana Jones style hat and puts
it on his head* ..but it begs to be
discovered by DAGGETT, the world's --

Sassy: *sarcastic tone* Biggest moron!
We are NOT going out there. It looks
very far from safe to me!

Squeaks: Why not? We may as well take
out the trash..

*Sassy smacks Squeaks on the head and
lets off an irritated growl*

Daggett: No time for fooling around,
guys! *pointing towards the front door
and then making a superhero pose*
We've got a mystery to solve!

*Daggett takes off running for the door
full sprint*

Sassy: *rolling her eyes* Jankies, Scoob..
what a mystery..

Squeaks: Don't quit your day job, Sassy..

Squeaks takes off out of the room and after Daggett. Sassy throws her hands up in the air and chases after them, exiting the room. Screen transitions with a van that looks like the Mystery Wagon from Scooby-Doo passes by
